## Meet the God You've Never Known

Greetings All,

I have been asked by several people about the possibility of using *What If God Is Like This?* as material for a small group study. To assist with that, I have decided to come up with a series of discussion questions for each chapter. That way, if you decide to use the book in a small group setting you can either come up with your own questions or use some of these that I have provided. Remember, one of the purposes of this book is not just provide possible answers for questions but to generate new ones as well. This is the journey not the destination :)
